TAMS JOURNAL

Official Organ of the Token and Medal Society

MANY "MAVERICKS"

Volume 19 Number 3 October 1975

The TAMS Journal is the official publication of the Token and Medal Society, Inc., an educational and non-profit organization devoted to furthering the exonumist field. Founded on November 19, 1960, at Detroit, Michigan, the TAMS was incorporated April 8, 1966, in the District of Columbia.

All Society members receive the TAMS Journal without cost beyond their $6.00 annual dues, of which $5.50 is set aside to cover the subscription. Non-member subscriptions are $7.00 per year

Entire contents — Copyright 1975 by the Token and Medal Society, Inc. Reproduction in whole or part without specific written permission prohibited Cover design by Doug Watson; official emblem designed by Robert A. Johnson.

Published six times annually — the first of February, April, June, August, October and December — by the Token and Medal Society, Inc., at Thiensville, Wis. Second class postage paid at Thiensville, Wis. 53092 and at additional mailing offices. Publication office — Box 96, Thiensville, Wis. 53092. Postmaster: Please send POD Form 3578 to: 611 Oakwood Way, El Cajon, Calif 92021.

— PUBLICATION DEADLINES —

ISSUE	COPY TO EDITOR	ISSUE DATE
February	January 1st	February 1st
April	March 1st	April 1st
June	May 1st	June 1st
August	July 1st	August 1st
October	September 1st	October 1st
December	November 1st	December 1st

The editor can not guarantee insertion of any editorial contributions or advertising copy received after the deadlines indicated, nor can he guarantee the accuracy of such items.

— ADVERTISING RATES AND SIZES —

SPACE SIZE	UNIT PRICE
Quarter Page—7" x 2 3/16" 3 5/16" x 4 1/2"	$ 9.60
Half Page—7" x 4 1/2" 3 5/16" x 9 5/16"	$16.80
Full Page—7" x up to 10"	$30.00

The outside back cover, and inside front and back covers are available at special premium rates, subject to prior obligation.

— EXONUMIA MARKET RATES —

Ads of the one-eight page size—3 5/16 by 2 3/16 inches—are priced at $5.40 per insertion, and must be ordered for two consecutive insertions of the same copy. These ads are combined in a special section.

— CLASSIFIED ADVERTISING —

The standing rate is 8¢ per word, per insertion.

— ADVERTISING RESTRICTIONS —

All advertisers must subscribe to the TAMS code of ethical standards. The editor is vested with the right to reject any offered advertising which he feels is not in keeping with the best objectives of TAMS. All advertisers must supply their own cuts or art work, unless other arrangements are made. All ads are priced on a CASH IN ADVANCE basis. Further information regarding advertising is available by writing to the editor.

DOTTIE'S DOTS

If you missed the Convention, you missed a lot of fun, a lot of good exhibits, and seeing a lot of wonderful people.

TAMS Hospitality Room was a huge success. We used over 500 Styrofoam cups for coffee, twelve different kinds of tea, and hot chocolate, and believe me, a lot of people were conservative and used their cups 3 or 4 times. The conversation was stimulating.

Harold Schmal, who was in charge of hospitality, held the hospitality room open for 7 AM to almost 12 or 1 AM every day of the convention.

Thank you Alice Penzes, Mary Dunn, Mr. and Mrs. Max Schwartz and Syd Joseph for your help. Thanks goes out to Barbara Hyde for picking up four birthday cakes for me for Harold Schmal's birthday party the evening of Aug. 19th. Two cakes were served on the 19th and one each on the mornings of the 20th and 21st. There were other things on the goodie table to nibble on too. TAMS paid for the Hospitality Room itself, all food and drink items were donated by H.C. Schmal and myself.

I hear that the ANA's hospitality room served just a little over 800 guests, compare that to the ANA Membership, and then those that went to TAMS Hospitality compared to our membership, and we find we were extremely well represented, considering TAMS Hospitality Room was not listed on the ANA Program.

"The Landing of the Pilgrims" P.N.C. cover was sent to our oldest member, VAL PASVOSKY, our youngest member WILLIAM D. HYDER, and the member who came the farthest, W.A. LYTLE from Honolulu. You had to sign the register in the TAMS Hospitality Room to be eligible for a prize.

The oldest guest to attend was the noted sculptor ALPHONSE A. KOLB, (see TAMS Journal, Volume 13, Number 4, August 1973, Part 11, by Charles J. Ricard). He is 81 years old, and to meet him, is to love him, he is so dear.

I had a wonderful response for requests for my ANA Handshake elongated. All envelopes that I received by Aug. 17th, were taken to the ANA with me and had the beautiful ANA Convention Postmark for the first day of the show. Other requests were filled after I got home from the convention. All TEC Members will receive the elongated with their next issue of TEC News from Sally Kirka.

I was sorry to say, that even with advance notification, the Gold and Silver Literary Award winners could not be present to accept their coveted awards, but I did receive a nice letter from both David Gladfelter and Gerald Johnson, with reasons why they couldn't attend, and there were persons there that could receive the awards for them, when they were presented at the TAMS Luncheon.

Curly Mitchell did a beautiful job of MCing, and we thank you Curly.

The winners of the SANDRA RAE MISHLER Cataloging Awards were:

Gold filled to Stephen Album for his catalogue of California Trade Tokens, Southern Calif. and San Francisco.

Silver to Stephen Alpert for his catalogue of Amusement and Vending Tokens.

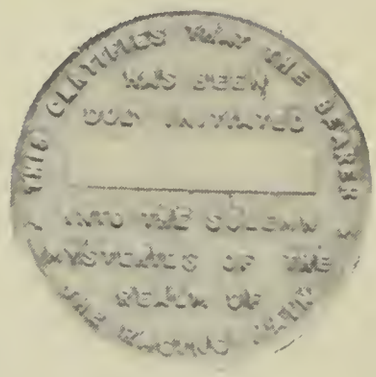
Bronze to Russell Rulau for his catalogue of The Early Tokens of Queen City.

My special thanks go to all that have worked so hard on Committees of TAMS in the last year, you make TAMS an organization to be proud of.

Dottie Dow

The LOUISVILLE SHELLBACK MEDAL

William O. West, TAMS #02797



THE CEREMONY

Some of the oldest ceremonies participated in by men who follow the sea are those that occur when a ship crosses the line (equator). According to the late Vice-Admiral Leland P. Lovette, Naval historian and author of NAVAL CUSTOMS, TRADITIONS, AND USAGE, the modern ceremonies probably originated with the Vikings who held initiations of the roughest sort on the crossing of certain parallels, to insure that new hands on their initial voyage could withstand the rigors of life at sea. He states; "At an earlier date, ceremonies of propitation were carried on. Neptune the mythological god of the seas, was appeased by the seamen, and marks of respect were paid those of his underwater domain." Hence Neptunus Rex is the sovereign who regulates the rituals when crossing the line.

In several ceremonies, partaken of by this writer while serving in the United States Navy, considerable preparation was made, usually on the evening before the crossing. One of the older members of the crew, a Shellback, one who had previously crossed the line, was chosen to play the part of Neptune. Other Shellbacks were then selected to make up his court which consisted of a Royal Baby, Royal Navigator, Royal Doctor, Royal Barber, Judges, Lawyers, Police etc. and of course, the Spirit of the Sea, Davy Jones, usually acting as Royal Scribe. After the court was organized, summonses were prepared and presented to the Landlubbers, Greenhorns or Polliwogs, the uninitiated members of the crew, ordering them to report and be tried for certain alleged offenses. On the day of the crossing all sorts of punishments would be meted out to the green horns for the aforementioned offenses. On occasion these included, walking the plank, blindfold, and dropping into a jury-rigged water tank, electrical shocks, head shavings by the Royal Barber, being hosed down with salt water from the fire main, and suffering beatings from shellbacks wielding SHILLELAGHS, which in some cases were three foot canvas tubes made by the sailmaker and filled with WASTE from the engineroom or SAWDUST from the carpenter shop, and possibly at times, damp sand form the sandlocker, as the wallop was sometimes tremendous.

Upon completion of the ceremonies the newly initiated were usually presented a certificate suitable for framing and a wallet sized card bearing the Latitude, 00 degree 00' and Longitude and addressed to All Denizens of the Deep, noting that the individual had been named a Trusty Shellback and duly initiated into the Solemn Mysteries of the Ancient Order of the Raging Main.

AS OTHERS VIEWED IT

Former narrators on matters of the sea have written of the ceremony . . . or of the lack of it. Richard Henry Dana Jr., seaman on a merchant ship, noted in TWO YEARS BEFORE THE MAST, 1840, "Crossed the equator in long. 20 degree 24' W. I now, for the first time, felt at liberty, according to the old usage, to call myself a son of Neptune, and was very glad to be able to claim the title without the disagreeable initiation which so many have to go through." And S.R. Franklin, who sailed with Herman Melville, in MEMORIES OF THE REAR— ADMIRAL, 1898, wrote; "When we reached the equator there was, as is usual, great excitement, for not one of the midshipmen had ever crossed the line before, and the first crossing is always an interesting epoch to all who go to sea. Fortunately, Neptune's visit was not permitted on board the UNITED STATES, as it is in most ships of war."

Though some missed the ceremony, others did not. James J. Fahey, is PACIFIC WAR DIARY, 1963, writes; "On Dec. 30, 1942, we crossed the equator and a big ceremony was held. This was the first time for most of us. The fellows who crossed before came around and cut our hair off and put us under the hose clothes and all and hit us with sticks. Some fun. It is quite an honor to cross the equator. We are now full fledged shellbacks and not polliwogs anymore." And finally, one of the best accounts is told by Nelson Cole Haley, harpooner in the whale ship, Charles W. Morgan, 1849-1853, in the book, WHALE HUNT, 1948. He crossed the line almost due south of the Cape Verde Islands in the Atlantic and over four pages are given to his description of the ceremony. He states at one point in reference to a green hand, "His face was covered with a vile decoction composed of coal tar, slush and softsoap, and scraped with a piece of iron hoop, he groaning at the rough edges." He goes on to laud the fact that Keelhauling was no longer used in the initiations.

THE MEDAL

The medal was issued upon the completion of a crossing, and is the only issue of its kind known to this writer at the present time. It is bronze, diameter 24mm,

thickness 3.5mm and weighs 12.55 grams. The obverse bears U*S*S* LOUISVILLE, and a representation of the ship with a crowned Neptune holding a trident, rising from the waves in the foreground. The reverse; "This Certifies that the Bearer has been duly initiated into the Solemn Mysteries of the Realm of the Raging Main." It also has a block for the engraving of the recipients name. This medal bears no name and no information has been forthcoming regarding its manufacture or the number struck.

Research on the medal began by contacting the U.S.S. Louisville Reunion Association through Joseph C. Fournier of Fountain Valley, Calif. and later, Frank Clemons of Exton, Pa. both former crewmen. A request was mailed to members and finally Ralph Griffith of Coldwater, Kansas wrote that he possessed an identical medal and stated he had received it when the LOUISVILLE crossed the line enroute to Australia in 1938 at 165 degree 53' west longitude. Retired Chief Petty Officer, Charles Gallagher of San Diego also came forth with the information that the Louisville was accompanied on this voyage by the light cruisers, TRENTON, MILWAUKEE and MEMPHIS, and that the force made stops at Honolulu and Pago Pago, American Samoa before reaching Sydney, Australia.

The U.S.S. Louisville, CA-28, was commissioned in January, 1931 at the Puget Sound Navy Yard. In 1937 she took part in the search for famed aviatrix, Amelia Earhart in the western Pacific. During World War II she gained an illustrious reputation fighting in many major Pacific actions, earning eleven campaign and battle stars. She was decommissioned at Philadelphia Navy Yard in Feb. 1946.

WOODS MINSTRELS AND OTHER TOKENS OF NEW YORK CITY.

Werner G. Mayer, TAMS # 2968

Several different varieties of this minstrel show token exist today. The tokens listed as Miller and Adams 964 and 965 are dated 1857. The 964 is in silver, the most common of all Woods Minstrel tokens, and the 965 is in copper and is listed as rare. The earlier Woods Minstrel tokens are counterstamped on Spanish two and four reales pieces. The one listed by Fuld is a 1788 two reales piece, the Gould token is a 1813 four reales piece, both of which have the address 144 Broadway. Miller lists a two reales counterstamped with the address of 444 Broadway. These counterstamped tokens may be considered rare.

The New York Herald in August of 1853 lists in the entertainment section, an advertisement which reads as follows:

> "Woods Minstrels and Ethiopian Delineators, 444 Broadway above Howard Street. Open every evening, H. Wood, Manager and Proprietor. The enterment of Woods Minstrels embrace all elements of Ethiopian Minstrelsy, the company being composed of the oldest and most experienced performers. They are the originators of their own peculiar style consisting of Overtures, Quick Steps, Choruses, Quartettes, Glees, Duets, Songs, Ballads, Extravaganzas, Burlesque, Lectures, Thrilling Tragedy, and Eccentric Comedy, comprising together a melange of the most talented and pleasing soirees, all their pieces being composed expressly for them and which they defy the world to equal. Doors open at 6½ o'clock, to commence at 8 o'clock, Tickets 25 cents."

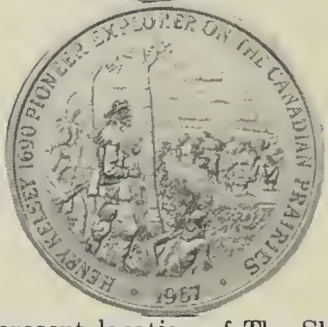
In 1853 all the minstrel shows, museums and other amusement establishments were located on Broadway above the 100's. Generally speaking, in this period the places of entertainment were located in the 400's, 500's and 600's on Broadway. Lower Broadway, below Liberty Street, consisted mainly of express agents, Steamship companies, dry good stores and real estate agencies. No evidence of places of entertainment, other than the Castle Garden were found on this part of Broadway.

Minstrel shows, contemporary to Woods, for which no store cards exist were: Christy's Minstrels, located in the American Opera House at 472 Broadway and Buckley's Minstrels, located in the Chinese Hall at 539 Broadway, the Buckley Brothers proprietors. It is noted that Stephen Foster wrote many of the songs performed by Edwin P. Christy's Minstrels. The minstrel singers were in blackface and enjoyed great popularity at this time.

Other places of entertainment, for which storecards exist and which are contemporary to Wood's Minstrels, were (a) Barnums American Museum, (b) The Crystal Palace, which was an international exhibition hall modelled after the Crystal Palace in England and (c) the Castle Garden, which was the Metropolitan Opera House of its day.

MINING AND METALLURGICAL MEDALS FROM THE SHERRIT MINT

Rex F. Pearce, TAMS 2864



The Sherritt Mint was set up by Sherritt Gordon Mines Limited at the Fort Saskatchewan, Alberta Nickel Refinery in 1966 with the primary purpose of minting coins in Pure Nickel for those foreign governments without a National Mint. At that time, it was clear that the price of Silver would increase to a level where the further use of Silver in coinage would be uneconomical and existing Silver coins would become more valuable as bullion that as coins and would be either recalled or melted down. Denominations previously minted in Silver would have to be minted in a base metal and Pure Nickel, used for coinage since 1881, offered many advantages. Sherritt had been producing Pure Nickel for coinage in the form of blanks for supply to National Mints, in both domestic and export areas, since 1961.

Mints traditionally have struck commemorative medals as well as coins; the processes are essentially the same, particularly in the case of medals up to 39 mm diameter, and the engraving of the necessary dies employes to advantage the skills of the die makers. Further, the production of medals serves to demonstrate the capabilities of the Mint in developing customers for coins. In the nine years since the Mint was inaugurated in 1966, 130 medals have been struck for customers in Canada and overseas; 16 of these were commissioned to commemorate important mining or metallurgical events.

To mark the inauguration of The Sherritt Mint, three Medals were struck in Pure Nickel and issued by Sherritt; the medals were of one design and in 3 sizes: 32, 26 an 20 mm. The reverse reproduced Sherritt's logo together with the words "Pure Nickel" and "Fort Saskatchewan." This design was relatively easy to select. The obverse design required a little more thought in that it is usual on medals or coinage to portrait a notable person, either living or dead, and there were no suitable volunteers from Sherritt's senior staff. The solution was found in the reproduction of a sketch showing the visit of Anthony Henday in 1754 to the area. Henday was the first European to visit what is now Alberta and camped in 1755 on the bank of the North Saskatchewan river about a mile from the present location of The Sherritt Mint. This Henday design quickly became associated with The Sherritt Mint and has been used as its letterhead since that time. Some 2,800 sets of the 3 Medals were minted; about 2,000 of these were packaged and sold to collectors and others interested in the new enterprise, mostly in Canada but including also some orders from other countries. A limited issue of the 26 mm medal was made in Gold, containing 15.5 grams, 0.5 Troy ounces of fine Gold and selling for $50.00. 49 of these Gold pieces were minted and have proven an excellent buy for those who took advantage of this offer in 1966.

Since 1966, there have been continuing orders by customers concerned with mining or metallurgy. The designs of some of these medals are very simple with a shallow relief and minimum detail; such medals are made to a cost limitation. On other issues, when the opportunity arises from the client's occasion, the full range of designers' and engravers' skills are used to produce medals with a sculptured relief, much fine detail and an overall artistic appeal. The Sherritt Mint "Kelsey" Medal in 1967, the Medal commissioned by Granduc Operating Company to mark the tunnel breakthrough in 1968, the William Logan Medal for the International Geological Congress in 1972, and the recent Winnipeg Centennial Medal, featuring an underground miner at the Thompson Nickel Mine, are examples of this class.

A typical pure nickel medal is 35 mm diameter, 2.2 mm thick and weighs 19 mm; it may have a plain or milled edge.

Medals are minted on blanks, stamped from pure nickel strip produced by Sherritt's powder rolling process. The purity of this strip (99.9% Ni + Co) and the fine grain size (about 25 microns) after annealing and quenching produce a soft blank very well suited for minting. The field (plain) area of the medals is bright and unmarked; the design is formed cleanly and faithfully reproduces the engravers art. Typical minting force is 100 tons. Nickel work hardens during minting; from a blank of hardness 30-35 Rockwell B, the final medal will show hardness in

the range 60-65 RB, which protects the medal from wear. The Canadian 25 c coins in circulation since being minted in 1968 or 1969, are excellent evidence of the resistance of pure nickel to wear and tarnishing.

Of the medals listed in the table, all but one were struck in pure nickel; as befits the inauguration of a copper/zinc mine, the Fox Mine medal was minted in bronze. Six of the medals were produced also in gold and silver, in limited quantities. These precious metal versions are very handsome pieces; the 1967 Henry Kelsey medal in 24 Kt Gold weighs 51.6 gm (1.66 Tr. oz); only 15 were made to advance orders.

From 1 press in 1966, The Sherritt Mint has grown to its present level of 4 minting Presses. Coinage for foreign countries and transportation occupies much of the capacity most of the time but 1 Press is usually devoted to Specimen coins and Medals.

Metals, mined and refined in Canada, find a natural use in medals commemorating developments in the Canadian Mining and National Industry.

The American Numismatic Society's collection of Civil War Tokens, housed in New York City, N.Y. was completely catalogued for the first time during Jan. thru March of this year by Jon Harris. Jon donated his time to this project, being reimbursed by the Civil War Token Society for his expenses only. Talk about a dedicated member Jon's home is in Coral Gables, Fla. This he gave up to go on to New York for the winter. Rich Rossa, from Brooklyn, N.Y., gave of his time and knowledge of New York store cards to help catalogue the New York part of the collection. John Francis, of Verona, N.J. also assisted Jon on other parts of the collection.

The Civil War Token Society has had all the previously unlisted store cards of the collection listed and put in a small book. Also part of the book, are other unlisted and corrected store cards that weren't completed at the time the revised Fuld Civil War store card book went to the publisher.

The price of the book is $4.00 and may be purchased by sending a check or M.O. payable to The Civil War Token Society to the president of the Society. Richard E. Brown, 252 S. State Rte. 587, Fostoria, Ohio 44830.

TEXAS MAVERICK TOKENS

John H. Ribbe, TAMS #2447

For the purposes of this listing, a maverick is considered to be any token not displaying the names of both the city and state of issuance. Entries are alphabetized by surname or by the first word of the business name ignoring the article *the,* and are followed by the Texas city of origin. Where both the business and the proprietor's names appear, the token is listed twice. Tokens displaying numerical inscriptions rather than words have been in ascending order at the end of the list.

The large majority of tokens listed here can be found in "THE TRADE TOKENS OF TEXAS" (TAMS JOURNAL, April 1973), the work of William Fowler, Travis Roberts and Harry Strough who have also contributed to a great many previously unlisted mavericks. Jim Ruhland must also be credited with many of the maverick attributions. A wide variety of published articles have been used for this compilation, in particular, Mrs. Lewis K. Ferguson's JOURNAL series "MAVERICKS" and Duane Feisel's "METCA MAVERICKS."

Rev. Swastika and good luck symbols.
32mm

THE LIBRARIAN REPORTS

This report will include all the Library acquisitions since the end of April, through August 6, as your Librarian leaves today for some family visiting in California, before proceeding to Los Angeles for ANA and TAMS conventions. The August issue of the JOURNAL contained the complete listing of all books and catalogues in the TAMS Library, as of mid-April. I expect I will be deluged with requests to borrow books, and be assured I'll do the best I can for each of you. When you request Library items to borrow, I will write to you if we do not have that item in our Library. Otherwise, I will mail the requested books or catalogues to you just as soon as they are returned from the previous borrower. Sometimes a recently published volume is in strong demand, and it may be some time before your request rotates to the top of the list and I can mail it to you.

We have three TAMS — purchased books this time: A-23, P-13, and R-19. We extend our appreciation to the organizations who so generously continue to provide us with their society's regular publications. This time these include the recently organized Canadian Association of Wooden Money Collectors. Dedicated to the purpose of furthering knowledge and fellowship among collectors of Canadian wood issues.

— LIBRARY CATALOGUE ADDITIONS —

S-44 Society For Oriental Numismatics JOURNAL * T'UNG PAO Vol. 2 #2 July 1975 25 pp illus.

****

Requests to borrow books, or for Library information, should be addressed to Mrs. Irene Alexander, TAMS Librarian, at P.O. Box 11271, Parkwater Station, Spokane, Washington 99211. Please include your TAMS membership number and your complete mailing address, including ZIP code. Happy Collecting!

"MAVERICKS"

I need more identifications. Please be certain of the location. To say "May be" or "Could Be" doesn't help. This causes confusion and misleads others. This column is a heck of a lot of work and if you don't help the effort is wasted. Will accept new listings now. Send Tokens INSURED WITH RETURN POSTAGE AND INSURANCE to Mrs. Lewis K. Ferguson, 1605 Roosevelt, Ames, Iowa 50010.

Please write and describe, using Eglit or a thorough description. All Replies Answered.

Gary R. Peterson
P.O. Box 3075
Grand Central Station
New York, New York 10017

The Northern Valley Coin Club in honor of the nation's 200th anniversary and its first coin show commemorates both affairs with a Bicentennial Medal.

The coin show will take place at the Bergen Mall Auditorium, Paramus, New Jersey on Saturday, September 27, 1975. More than 50 dealers from the Eastern States have signed for the bourse tables. Highlighting the show will be a number of prize winning exhibits which will cover all categories of numismatics including coins, medals, paper money and tokens. Each visitor will vote on the "best of show" and the prize will be awarded accordingly.

The 35mm medal struck in golden bronze and silver (serial numbered) is available to the public by sending $1.50 and SASE for the bronze medal and $10.00 for the silver medal to the Northern Valley Coin Club, P.O. Box 141, Demarest, N.J. 07627.
